INFORMĀCIJAS  
SISTĒMAS

- **State agency “Culture Information Systems”:**

- operates under the supervision of the Ministry of Culture.
- its duty is to preserve and to make more accessible the information and cultural values that are stored by libraries, museums and archives.

- 
- **State agency „Culture Information Systems” implements four very important projects financed by EU Structure Funds and the state budget:**
    - State Integrated Library Information System,
    - State Archives Unified Information System,
    - Joint Catalogue of the National Holdings of Museums.
    - Digital Cultural Map of Latvia.

- **State agency “Culture Information Systems” is involved in such projects as:**

- Bill and Melinda Gates foundation supported project for Latvia libraries;
- Project ATHENA;
- Project LINKED HERITAGE.
